Promise Me: A Second Chance Romance

Willow Winters 2016-11-18 "Promise me you'll love me after this?" Those were the words I asked my first love on a high school date. "Always, Vi," he told me before crushing his lips against mine. I gave him a part of me I can never get back that night. Even worse, I gave him my heart. That was four years ago. Back when I was young and naive. Back when I thought we'd always be together. He dumped me right after graduation and left me to join the military.

He said I shouldn't wait for him; it didn't matter that I wanted to. I would have waited for him forever, but he threw me away and left me here in this small town. Now he's home and says he wants me back. Second chances don't work in love. No matter how much I wish I could erase what's happened since he's been gone... no matter how much I think of falling back into his arms... A NIGHT WITH CONSEQUENCES Margaret Mayo 2016-11-13 Kara is just a plain woman who works as a secretary. Her arrogant, powerful, successful boss, Blake, takes her on a business trip to Italy, but to her surprise it ends up being just the two of them! They are booked into the same suite, and she finds an extravagant dress waiting for her in her room! Could he be trying to seduce her? Being raised by an overbearing mother, she grew up learning to suppress her feelings. But spending time with Blake, she slowly learns to unlock her heart...and her desires. Even though she knows this is all just playing around for him.

CBT for College Students with ADHD Arthur D. Anastopoulos 2020-12-04 This book provides an overview of the ACCESS program, a mental health program that has been developed and tested as an efficacious treatment for college students with ADHD. This program is at the cutting edge of clinical research, incorporating treatment strategies that allow for dissemination in real world settings in order to effectively assist college students experiencing difficulties in their academic, personal, social, and emotional functioning. As cognitive behavioral approaches have proved to be the most successful psychological treatments to date, the techniques in this volume follow that model in a detailed and nuanced fashion. The authors provide a week by week breakdown of the program, supplemented by handouts and worksheets designed to facilitate better understanding of the areas targeted by the

program. Filling a notable gap in research addressing the ADHD college student population, CBT for College Students with ADHD is a crucial resource for campus mental health practitioners as well as a broad range of clinicians dealing with emerging adults.

International Commodity Trading

Ephraim Clark 2001-04-25 In addition to discussing financial and commodity futures and options, this book links them to the physical economy at large, a linkage which is particularly important when one is thinking of physical commodity markets. The book looks at not only the futures of derivative markets, but it also explores the physical markets and the underlying

economy. Written by leading authors in the field of commodity markets Contains numerous up-to-date examples, case studies, and scenarios to assist in gaining an overall understanding Covers all aspects of commodity trading, including the inter-relationship between the different functions

Pleased by the English Spy Bronwyn Scott 2009-02-01 English spy Andrew Truesdale has been sent to Florence on a mission--to befriend widowed contessa Olivia di Montebaldi and discover if she's plotting a nationalist revolution in the aftermath of Napoleon's defeat. Andrew expects the assignment to be easy. After all, his job with the British Diplomatic Corps required him to perfect the art of flirtation and become a consummate seducer of women. Everything changes, however, when he arrives at Olivia's villa. Instead of the middle-aged woman he expects, Andrew finds a vivacious young beauty who piques

his interest...and his lust. But while Andrew may be taken aback by the contessa, Olivia knows exactly who Andrew is...and that he is dangerous. She may let him claim her body, but can she trust him with her secrets?

Thyme in a Bottle Ingrid Croce 1996-04-16 In 1985 Ingrid Croce opened Croce's Restaurant and Jazz Bar as a tribute to her late husband, singer and songwriter Jim Croce. Attempting to recreate the warmth and energy from their early days of entertaining together, Ingrid infused Croce's with great food, live music and an inviting, casual atmosphere. She has since parlayed the success of this unbeatable combination into a group of popular restaurants and clubs as one of the pioneers in the rejuvenated Gaslamp district of downtown San Diego. Now many of the recipes that have made her restaurants famous are available here. Current culinary trends are

reflected in the seasonal American cuisine and Southwestern fare of Ingrid's Cantina and Sidewalk Cafe in recipes such as Santa Barbara Sea Bass with Caramelized Onions and Fig, Ricotta Gnocchi with Wild Mushrooms and Sage, and Pacific Rim Tamales. Drawing on Ingrid's multicultural background and interests, Thyme in a Bottle features Italian favorites as interpreted by the Croce family, like Roasted Pepperoni Salad and Fried Zucchini Blossoms, as well as the Russian and Jewish classics of her childhood, such as brisket and tzimmes with kasha and varnishkas. Ingrid also reveals the secrets behind her own signature blitzes and "poppers." Interpreted with the recipes is Ingrid's own inspired story. She writes openly about her intense romance with Jim Croce, their happy but occasionally troubled marriage. She tells of the difficult repercussions of Jim's early death, from battles with the music industry to rearing a

young son on her own. And she shares the challenges of starting a restaurant and becoming a real player in a notoriously competitive business. It is all told with such candor, warmth, and enthusiasm that by the time Ingrid concludes her story with personal and professional triumphs, we are cheering the heartening success of such a vibrant spirit. Fans of the late Jim Croce will delight in this collection of recipes and memoirs by his wife, Ingrid. Ingrid's inspiration comes from memories of the exceptional food and music that her and Jim created in their Pennsylvania farmhouse in the late sixties and early seventies. As proprietor of five award-winning San Diego restaurants and clubs, Ingrid has garnered an enviable reputation in the culinary world. In Thyme in a Bottle she serves up the delicious recipes that make her restaurant so successful as well as anecdotes about her life and times. With its wonderful diversity of

menus--from traditional Italian and Russian favorites to contemporary American and Southwestern cuisine--this warm and engaging cookbook is an excellent addition to any cook's library.

Biology Concepts and Applications :

Level 1 Cecie Starr 2017 Authors Cecie Starr, Christine A. Evers, and Lisa Starr partnered with the National Geographic Society to develop this Tenth Edition of **BIOLOGY: CONCEPTS AND APPLICATIONS**. Renowned for its clear writing style and unparalleled visuals, this trendsetting book applies exclusive National Geographic content to engage students and emphasize that biology is an ongoing endeavor carried out by a diverse community of scientists. Each chapter explores core concepts aligned with the American Association for the Advancement of Science (AAAS) initiative 'Vision and Change in Undergraduate Biology Education' to help students master

associated learning objectives. By continuously challenging students to question what they read and to apply the concepts they learn, Starr and the accompanying MindTap hone critical thinking skills as students gain scientific literacy.

Buck's Promise Elizabeth Lennox
2022-02-25 Have you ever heard a smoke detector beeping after the battery dies? Buck Owens watched his gorgeous neighbor come and go, always polite, but keeping herself cool and distant. How was a guy to get her attention? Buck has found a way! A dying smoke detector! Now, he just needs to prove to her that she can trust him. He vowed that he wouldn't demoralize her the way her ex had. And he was determined to show her that he could be trusted. Nina

Landau knew that her hunky neighbor watched her like a dog watched a meaty bone. But Nina wasn't interested. Okay, she was interested, but she needed to prove something to herself first. Once she'd recovered from her previous relationship, she might, maybe, perhaps...venture next door and get to know the guy that invaded her dreams almost nightly. First, she was going to find that dying smoke detector, put it under her car tired and drive over it a thousand times!

Immortal Creation Ava Alston 2019-01-17 Lenora and Leonia are two powerful witches, but more than that, they are closely bonded sisters. So, when Leonia meets Orin, and decides to take a chance on the man of her dreams, her entire life is turned inside out. Embracing her chance at love, could mean having to change everything she is.Lenora doesn't care for her sister's new love interest, and she sets her sights elsewhere.

She takes pity on a couple of unfortunate villagers, creating the first vampires. Now, it's up to Leonia and Orin to correct her mistake, but the stakes are high. The price could very well be their lives. Leonia is determined to keep her new love from harm's way, though, no matter the cost. Even if it means losing the one person, she loves the most. Come along on this journey full of vampires, witches, and werewolves-- where the heartaches of love and betrayal become twisted by the hands of fate.

The Final Secret of Adolf Hitler Mathieu Mariolle 2022-06-14 A final chase between Allied and Nazi submarines at the dawn of the Cold War. December 1944. As the fate of World War II seems to be sealed, a submarine leaves Germany, taking with it Hitler's last hope for winning the war. Two allied commandos immediately set off after the aircraft: one English, the other

American. But when the true nature of the precious cargo is revealed, the once parallel paths of these allies begin to diverge...

Learning to Pray from the "master" of Prayer - Jesus Christ Richard L Bresson

2020-11-07 Have you ever found your prayer life frustrating? Have you a desire to learn how to have more meaningful prayers? Did Jesus give us any instructions on how to pray? Why do I only see a few, if any, prayers answered? Do you find prayer meetings boring and repetitious? Have you ever wondered, "Why do we even pray?" Why is the prayer meeting the least attended service at church? Possibly this book will help answer many of these questions. This book would make a good study for small group Bible Studies. This book would be a good reference for an outline for a sermon series.

Radio, Public Life and Citizen

Deliberation in South Africa Sarah Chiumbu 2021-05-25 This book critically analyses the important role of radio in public life in post-apartheid South Africa. As the most widespread and popular form of communication in the country, radio occupies an essential space in the deliberation and the construction of public opinion in South Africa. From just a few state-controlled stations during the apartheid era, there are now more than 100 radio stations, reaching vast swathes of the population and providing an important space for citizens to air their views and take part in significant socio-economic and political issues of the country. The various

contributors to this book demonstrate that whilst print and television media often serve elite interests and audiences, the low cost and flexibility of radio has helped it to create a 'common' space for national dialogue and deliberation. The book also investigates the ways in which digital technologies have enhanced the consumption of radio and produced a sense of imagined community for citizens, including those in marginalised communities and rural areas. This book will be of interest to researchers with an interest in media, politics and culture in South Africa specifically, as well as those with an interest in broadcast media more generally.

*Designing Integrated Industrial Policies
Volume II* Shigeru Thomas Otsubo

2020-12-01 Very little has been written on industrialization and deindustrialization in Asia and Africa. This reference work sheds illuminating light upon the industrial

development in Asia and Africa. It also provides an in-depth look into China's engagement and migrant labour in Africa. The book also addresses the roles of public-private partnership (PPP) and international development cooperation and how they are fundamental to industrialization in Asia and Africa. *Designing Integrated Industrial Policies* will be a very useful reference particularly as a how-to guide on industrial promotion and designing integrated industrial policies not only for economic growth and job creation but also for "inclusive" development. It comes with country cases and illustrates useful tools for industrial policy simulation and for evidence-based policy making through these concrete examples.

The Muscle and Strength Pyramid:

Nutrition Andy Morgan 2019-03-24

Navigating the available fitness information online can be confusing and time-consuming

at best, and a minefield of misinformation at worst. One inherent problem is that information online is always presented as supremely important and as the next 'big thing,' without context or any understanding of priorities. Enter The Muscle and Strength Pyramid books. The foundational concept of these books is understanding priorities and context, so you can take all the pieces of the puzzle and fit them together into an actionable plan. * No longer waste time and energy with your nutritional efforts The structured order of importance is what makes this book different. Learn what matters and when. * Use our science-based calculations for optimal setup Whether you're headed for the bodybuilding stage, cutting pounds for a weight class, or about to go on a bulk, we've got it covered. * Achieve continued and lasting changes Learn how to balance adherence, consistency, and flexibility so you can live

your life while progressing toward your goals. The chief author of the books, Dr. Eric Helms, has not only the academic understanding of training and nutrition as an active researcher but also extensive practical experience. He has been a personal trainer, powerlifting and bodybuilding coach since 2005, helping hundreds bridge the gap between science and practice to reach their goals. In addition, he has the minds of Andrea Valdez, and Andy Morgan to ensure the concepts are communicated clearly and effectively and no stone is left unturned. Andrea is a lifelong athlete with extensive coaching experience and her Masters in Exercise Physiology, and Andy is a successful writer and consultant for body composition change with a unique grasp of how to communicate topics to diverse groups, as he produces content for both the Japanese and English speaking fitness communities. Together,

they bring you The Muscle and Strength Nutrition Pyramid, the hierarchical, comprehensive, evidence-based guide that is a must-have for every serious lifter or trainer.
