A Beginners Guide to Using PlayStation TV

Katie Morris 2014-11-03

So, you're about to welcome the newest addition to the Sony PlayStation device family into your life - the PlayStation TV. Our

prediction is that the PS TV represents a huge step forward for Sony and the beginnings of a much brighter (and cheaper!) cloud-based future for console gaming. PS TV brings together a significant cross section of the PlayStation back catalog in one relatively inexpensive device, thanks to PS3 game streaming through PlayStation Now, Sony's Cross Buy initiative, and PS TV's Remote Play feature, which allows you to stream your own PS4 screen to another television in your house through PS TV. The PS TV also opens up classic PS2, PS3 and PSP games to satisfy older gamers' nostalgia and introduce younger gamers to the games that hooked their parents (and if you're wondering, yes, Final Fantasy VI is still just as great as you remember it being). This guide

The Walkthrough Doug Walsh 2019-05-16 The Walkthrough offers a rare peek behind the curtain of the secretive

video game industry from an unlikely perspective, that of a career strategy guide writer. For eighteen years, Doug Walsh was one of the most prolific authors of officially licensed video game strategy guides. One part memoir and one part industry tell-all, *The Walkthrough* takes players on an entertaining march through gaming's recent history, from the dawn of the PlayStation to the Xbox 360 and Nintendo Switch. Follow along as Walsh retraces his career and reveals how the books were made, what it was like writing guides to some of the industry's most celebrated – and derided – titles, and why the biggest publishers of guidebooks are no longer around. Walsh devotes entire chapters to many of gaming's most popular franchises, including

Tony Hawk's Pro Skater, Gears of War, and Diablo, among others. From inauspicious beginnings with Daikatana to authoring the books for the entire Bioshock trilogy, with plenty of highs, lows, and Warp Pipes along the way, Walsh delivers a rare treat to twenty-first century gamers. The Walkthrough is sure to satisfy the curiosity of anyone who grew up with the works of BradyGames and Prima Games sprawled across their laps. With over one hundred books to his credit, and countless weeks spent at many of the most famous studios in North America, he is uniquely qualified to give an insider's perspective of a little-known niche within the multi-billion-dollar industry.

Alan Wake Guide Simge Ceylan 2016-01-26 Alan Wake is what they call a psychological thriller, though it falls half-way into the action-adventure and half-way into the survival horror genres of video game. It was developed in Finland by Remedy Entertainment, and published world-wide by Microsoft Games, and a lot of pre-publishing PR went into this title. When the game was finally released, we had great expectations for it, and the really cool thing is that it actually lives up to those expectations! You

are in for an amazing adventure, with all of the twists and turns that you would expect from a motion picture, and the really cool thing is that when this game is all done, and you have milked it for all that it is worth entertainment wise, they will be ready to release the DLC content that will let you begin enjoying it all over again! You might be thinking – that alone makes it a major bonus – but there is also the fact that Remedy recently announced that they have already started working on the sequel to Alan Wake! Not only is there DLC and a sequel in the works, but Remedy has stated that this was the first “Episode” in the series, which means we can expect at least two and maybe as many as three new games in this series! I have to say

*Downloaded from

that when I set out to write this walkthrough I suspected that the game would be similar to Heavy Rain, which was released for the PS3 and is another game that I did the walkthrough for, and even if it had been like that, it would have been good, but instead of follow in Heavy Rain's footsteps, Alan Wake carved its own path, and even though I have reached the end of this Episode, I am excited and enthusiastic about what is still to come! I hope that you enjoy the game and that this walkthrough helps you. I have included a full and complete guide, with each collectible indicated in the chapter as you play rather than as an appendix in the back, because the collectibles are a major part of the Achievement system in the game. Enjoy, be entertained, rejoice. Isn't it great
