The Routledge Companion to Video Game Studies Mark J.P. Wolf 2014-01-03 The number of publications dealing with video game studies has exploded over the course of the last decade, but the field has produced few comprehensive reference works. The Routledge Companion to Video Game Studies, compiled by well-known video game scholars Mark J. P. Wolf and Bernard Perron, aims to address the ongoing theoretical and methodological development of game studies, providing students, scholars, and game designers with a definitive look at contemporary video game studies. Features include: comprehensive and interdisciplinary models and approaches for analyzing video games; new perspectives on video games both as art form and cultural phenomenon; explorations of the technical and creative dimensions of video games; accounts of the political, social, and cultural dynamics of video games. Each essay provides a lively and succinct summary of its target area, quickly bringing the reader up-to-date on the pertinent issues surrounding each aspect of the field, including references for further reading. Together, they provide an overview of the present state of game studies that will undoubtedly prove invaluable to student, scholar, and designer alike.

The Video Games Guide Matt Fox 2013-01-03 "The Video Games Guide is the world's most comprehensive reference book on computer and video games. It's a New Beginning Willie Alfonso 2015-07-04 Have you lost hope for a new beginning? If you believe your life is beyond saving-this book is for you. Willie Alfonso writes about his dramatic childhood story of growing up Brooklyn. He shares why he should be dead, dying of AIDS somewhere, or doing life in jail. His epic story with unbelievable comeback proportions will inspire the doubters, the skeptics, or anyone who has lost all hope for the future. Readers in It's A New Beginning will be challenged by Willie's story to see: + Hope in the midst of devastating circumstances. + How to forgive the unforgivable + How even the worst setbacks can be turned into comebacks. Read one of the most powerful comeback stories of all time! Dig into It's A New Beginning: How to Turn Setbacks Into Comebacks to find hope for your new beginning. What are you waiting for? During my entire career as a New York Yankee, I have had the privilege of knowing Pastor Willie Alfonso. I am eternally grateful for the wisdom I received from him over the years. Now in his new book, the rest of the world can experience the life and the ministry of a man who has been such a blessing to me. I know a good closer when I see one. This book will close the old chapters in your life, and set you up for a new beginning. -Mariano Rivera, #42 Retired Relief Pitcher, New York Yankees Our backgrounds and stories sound very similar, but we have been placed in different arenas. It's A New Beginning: How to Turn Setbacks Into Comebacks captures the way God can take Willie Alfonso from a forgotten, broken child and turn him into a man that influences some of the biggest names in sports history. His story will encourage those who are experiencing setbacks, as well as spur on others to never give up on the ones with the tough exterior. -Nicky Cruz, Evangelist and Author Chaplain Willie Alfonso's story is nothing short of a miracle! Read it and you'll be inspired to a new level of faith. - Jim Cymbala, Senior Pastor, The Brooklyn Tabernacle

The Medium of the Video Game Mark J. P. Wolf 2010-07-22 Over a mere three decades, the video game has become the entertainment medium of choice for millions of people, who now spend more time in the interactive virtual world of games than they do in watching movies or even television. The release of new games or game-playing equipment, such as the PlayStation 2, generates great excitement and even buying frenzies. Yet, until now, this giant on the popular culture landscape has received little in-depth study or analysis. In this book, Mark J. P. Wolf and four other scholars conduct the first thorough investigation of the video game as an artistic medium. The book begins with an attempt to define what is meant by the term "video game" and the variety of modes of production within the medium. It moves on to a brief history of the video game, then applies the tools of film studies to look at the medium in terms of the formal aspects of space, time, narrative, and genre. The book also considers the video game as a cultural entity, object of museum curation, and repository of psychological archetypes. It closes with a list of video game research resources for further study.
