How to Build a Harley-Davidson Torque Monster

Bill Rook Many people modify their Harley-Davidson engines—and find the results disappointing. What they might not know—and what this book teaches—is that emphasizing horsepower over torque, the usual approach, makes for a difficult ride. Author Bill Rook has spent decades perfecting the art of building torque-monster V-twin Harley engines. Here he brings that experience to bear, guiding motorcycle enthusiasts through the modifications that make a bike not just fast but comfortable to ride. With clear, step-by-step instructions, his book shows readers how to get high performance out of their Harleys—and enjoy them, too.

Triumph Motorcycles in America Lindsay Brooke 2018-01-02 This is a comprehensive, visual history of the motorcycles from Britain that were bred in the US and Canada. Tuck in with Triumph Motorcycles in America and get ready for the ride of a lifetime. Triumphs have been part of North America's motorcycling soul since long before World War II. Born in Britain but bred in the US and Canada, Triumph's iconic models—Bonneville, Trophy, Thunderbird, Daytona, Tiger, Speed Twin, Speed Triple, and Rocket III—resonate deeply with enthusiasts who love their style, sound, performance, and undeniable coolness. It's not coincidental that Triumph was Steve McQueen's favorite ride. Triumph Motorcycles in America is packed with thorough, entertaining text, plus hundreds of historical images, most of them in color and never before published. This incredible volume of history and culture was written by award-winning professional journalist and lifelong Triumph fanatic Lindsay Brooke, with a foreword by America's favorite "Triumph guy," Peter Egan. Don't think twice about it, Triumph Motorcycles in America is a must-have for every fan of Britain's most legendary bike brand.

This book tells the Vincent story from 1946 until the present day, including the stories of those significant individuals who helped to make Vincents such legendary machines.

Burt Munro Neill Birss 2016-06-13 Previously unpublished interviews with Burt Munro, legendary Kiwi motorcycle rider made famous in the movie *The World's Fastest Indian*. Colourful tales of a life well-lived. Invercargill, at the far southern end of New Zealand. It's the late 1960s and two blokes sit in a modest shed drinking tea. The old bloke is telling stories about his life; the young bloke, a junior reporter, is typing earnestly on his Olympia portable typewriter. Dramatic tales abound - of youthful scrapes, motorcycle races and ingenious repairs, of international travel and friendships and road trips, of high speeds and accidents and meetings with dutiful policemen. Burt Munro became known around the world through the 2005 movie *The World's Fastest Indian*, but had long been known to motorcycle fans as a colourful character and speed record-holder. Our young journalist, Neill Birss, moved away from Invercargill and the interviews he had typed out were never published. In fact, they were lost during the move and only resurfaced under strange circumstances many decades later. Here they are in this book - the lost interviews with Burt Munro, legendary Kiwi motorcycle rider - his voice as fresh and his stories as vivid as the day he told them to the young reporter.

The Heroes of Harley-Davidson Ed Youngblood 2003 One-hundred years of Harley-Davidson is often reduced to a tale of a machines. Equally fascinating,

and often overlooked, are the men and women behind the machines. The Harley and Davidson founder, the engineers, the racers, the designers, the dealers, the flesh-and-blood heroes made the company and the bikes the success they are today. This book was written in cooperation with the Motorcycle Hall of Fame Museum to accompany an exhibit that opened in 2003. After a brief introduction, the book is divided into three sections; 1. Heroes of H-D; 2. Exhibition catalog; 3. H-D historical overview.

Pete Hill--A Legend on Two Wheels: World's Fastest Knucklehead Jackie Hill 2018-10-15 Thousands of drag race fans remember Pete Hill--the humble and very successful racer from Greenville, South Carolina. Without a big sponsor and riding a blown, fuel-burning Knucklehead, Pete Hill not only beat the other Harleys but he also beat the Kawasakis. And all with an obsolete V-Twin design that went out of production in 1948. Written by his one-person pit crew, his wife Jackie Hill, this book follows Pete's career from his first Knucklehead-powered four-wheel dragster to his ascension to motorcycle Top Fuel. Jackie tells the story like it was. The joy of winning and the hard lumps that came before the wins. The long nights on the road, the struggle to find pushrods that don't bend (make your own), and risk of learning how to mix Nitromethane. Pete Hill was and is the real deal who had no big sponsors. Pete built his own bikes and won with an outdated engine design: the Knucklehead. Jackie walks the reader through each setback and each win. She puts you right in the middle of the action. Reading Jackie's book is like going back in time with a pit pass for hundreds of drag races.

Love, Lust, and Combustion Mingo Moran 2017-12-14 Travis Richard Davis is steel by definition. He can steel his resolve to succeed or wear it as an armor of determination. Women and life melt his heart with passion and fire it with fury, like steel turning to liquid by furnace heat before it is poured and forged into reality. Davis is a semi-professional drag racer and a hard-working master heavy equipment mechanic who also has a passion for innovation and acceleration. This guy lives, sleeps, eats, and dreams innovative ways to go faster. During his pursuit to campaign a record-holding twin turbo Drag Race Altered, he unexpectedly meets the love of his life. Based on real and imagined events that happened in the late 80s when turbocharging in drag racing was scoffed at, Love, Lust, and Combustion explores the turbocharged trials and tribulations of Travis Richard Davis and how a small team of motivated, smart, and hardworking individuals focused on a common goal.

Rocketman Ky Michaelson Since the 1960s, Ky Michaelson's rocket-powered vehicles have set 72 state, national, and international speed records. His penchant for the unknown and passion for speed have been with him since childhood, when he built his first rocket-powered motorcycle. After earning his first world record--for a rocket-powered snowmobile--he decided to go after every acceleration record in the world. This is Ky's story, the life of a driven--or rocket-powered--man. Ky tells about how he began and where hes gone, about his work on hundreds of film and television programs, and about his service as program director of "SPACESHOT 2004"--the grand effort of the Civilian Space Exploration Team (CSXT) to build and launch the first amateur rocket into space. And he describes reaching the "impossible dream" as the first amateur to license, and successfully launch, the Go Fast Rocket into space, with an altitude of 72 miles--and a new speed record of 3,420 mph.
